# Military Parade in Celebration of the 75<sup>th</sup> Founding Anniversary of the KPA

On February 8, Juche 112 (2023), a splendid military parade was held in Kim Il Sung Square in Pyongyang, the capital of the Democratic People's Republic of Korea, in celebration of the 75<sup>th</sup> founding anniversary of the Korean People's Army.

The military parade, held in the presence of the respected Comrade Kim Jong Un, was not a mere demonstration of the country's military capability.

It was a comprehensive demonstration of the politico-ideological traits, military and technological might and regularized features of the KPA, which has developed guided by the Workers' Party of Korea's military ideas of self-reliant defence and under its wise leadership, as well as a grand political and military festival that showed the proud history and tradition of the army that has reliably defended the socialist country and the people.

The appearance of the sturdy paraders and their glistening weapons showcased their dignity and pride in having prevented the outbreak of another world war by defeating the US-led imperialist armed aggressors in the 1950s and the mettle of the KPA that is fully

guaranteeing the prestige of the country, its sovereignty and its right to development by force of arms.

The mechanized columns, which made their debut as a column of heavy-machinegun carts at the time of the KPA's founding, have now developed into columns of ICBM and other cutting-edge military hardware, and the gigantic weaponry of the strategic force, which passed the parade ground in fine array, demonstrated the country's powerful war deterrent and capability of counterattack.

The square was brimming with cheers and ardour of the audience, who were full of infinite dignity and pride in having elite armed forces that fully assure the eternal security of the country and the people and the comprehensive prosperity and development of socialist construction.

The military parade constituted a political event that powerfully demonstrated the militant mettle of the KPA, which is achieving a great development under the leadership of Kim Jong Un, as well as the bright future of the revolutionary cause of Juche.
